

PARENT CODE OF CONDUCT

The following code of conduct is designed to enhance and support player development under the FC London program. It will be the responsibility of families to ensure these are adhered to as we strive to maintain a professional image in our soccer community.

As a parent I will:

1. Ensure the player arrives to games and training sessions on time.
2. Ensure all Club and team fees are paid in a timely fashion including any obligations from previous seasons.
3. Refrain from coaching players from the sidelines during games or training sessions.
4. Not criticize game officials.
5. Not engage in unsportsmanlike conduct or negative communication with players, coaching staff or families of the opposing team.
6. Ensure all communication with coaches must be in writing and at least 24 hours after any game. The only topic that should be raised is the overall development of your son. Please do not contact coaches to discuss playing time, positional play, the performance of other players or to question coaches' decisions in games.
7. Communicate with respect to scheduling, finances, or any logistical concerns with the team manager.
8. Offer my services to the team and Academy when possible.
9. Learn the rules of the game
10. Ensure a clear understanding of the policies set forth by the Academy.

Enforcement

The following sanctions may be imposed if these policies are not adhered to:

1. Warning
2. Reduction of game time for the player.
3. Suspension of player
4. Player removal from program
